

January 1, 2010

Dear Friends:

“Whenever you care for any of my people, no matter how unimportant they may seem, you care for me.” Matthew 25:40

I write on behalf of the 2,200 residents cared for each day by Christian Care Communities, their families and our staff. We want to thank you for your support of Christian Care Communities during 2009. Your gifts were a wonderful blessing. Jesus said that through gifts like these, “You care for me.” We pray for your continued support this year.

Christian Care Communities has some exciting plans for 2010. We anticipate that our new Home, Community and Church Based Services will take a significant step forward. We expect to break ground for the new Midway Campus. Plans should be completed for the expansion of our Bowling Green Campus. Decisions will be made about the new Morningside Campus in Hopkinsville. We will continue to move toward our vision of being recognized as Kentucky’s premier provider of older adult care and services.

Christian Care Communities is an extension of your ministry. These are some of the exciting things you are doing in the name of Christ through Christian Care. We are grateful to be partners with you in ministry! Thank you for your support!

For those churches that receive a Fifth Sunday Offering as one way of supporting Christian Care, please remember that January 31st is a fifth Sunday. Every gift is important and helps make possible our care of older adults in eight different Kentucky communities. Please encourage your members to give generously. Promotional materials are available in this section of our website, www.ChristianCareCommunities.org.

I pray that God will bless you and your church throughout 2010. Please let me know of ways Christian Care can be of service to your congregation.

Sincerely,

A handwritten signature in black ink, appearing to read "Keith Knapp".
