

## No Room

*“...there was no room for them in the inn.”* (From the Contemporary English Version)

Ma Jones lived alone in a one-room house on the back edge of a farm. Her husband had died years earlier. She was barely making it taking in laundry and ironing. Occasionally she found work as a housekeeper. But you never heard Ma Jones complain. And every Sunday morning you found her worshipping in her little Christian Church.

Then her health failed. She had no family and no money and nowhere to go. Christian Care Communities **made room** for Ma Jones. She said, “This is the best home I have ever had. Thank you Christian Church Homes of Kentucky (now Christian Care Communities).”

Thank you for your Christmas gift that will **make room** at Christian Care Communities for other individuals like Ma Jones.
