

“Take Care of My Sheep”

Miss Sally was a follower of Christ and heard his call to “take care of my sheep.” She spent many years caring for others in their homes. She shopped, cooked, cleaned, washed and ironed, sewed and drove. Then Miss Sally became ill. She learned that her illness would require major surgery. Miss Sally knew that she could not continue her 24/7 caring giving.

With limited income and no home, Christian Care Communities made a place for Miss Sally at Chapel House. With the encouragement and support of the Christian Care staff she has recovered from surgery and is an active member of the Christian Care Family. She plays with the Senior Bells and is involved in all the Louisville Campus activities. Miss Sally is now back into her caring ways – shopping, cleaning, cooking and sewing. But she is leaving the driving to the Christian Care staff. Miss Sally tells everyone, “This is the first time I have had a home of my own.”
