

A Legacy of Caring

Christian Care Communities is Kentucky's largest faith-based not-for-profit provider of affordable housing and long-term care for Older Adults. Founded in Louisville in 1884 to care for widows and orphans, Christian Care primarily serves Older Adults through a network of eight communities throughout Kentucky. These communities include adult daycare, independent living apartments and patio homes, assisted living, and skilled nursing care.

The Mission of Christian Care Communities is to enhance the journey of life for Older Adults. Building on our faith heritage, Christian Care's vision is to be Kentucky's premier provider of Older Adult services.

In response to the call of Jesus Christ, the goal of Christian Care is to:

Work with compassion for Older Adults and their families.

Embrace aging as a valued part of life.

Care for the physical, mental, emotional, and spiritual well-being of those we serve and those who serve with us.

Always seek ways to improve and grow.

Respect the dignity of each person.

Exemplify integrity, excellence, and accountability.

Our Fifth Sunday Offering will go to support this vital ministry. It is important to remember that the ability to pay for services is never used as a qualification for admission to a Christian Care Community. Christian Care Communities provides many services that transform places to live into warm and caring communities. These services include pastoral care with eight chaplains, activity programs with directors at each facility, and transportation services. During 2008, the non-reimbursed cost of care and services was \$1,272,000.

This is why the **Fifth Sunday Offering** is so important. **Please give generously!**
